

MISCELLANEA

A rich old man died recently, whose young wife had led him but a sorry life. He frequently stated that he would be revenged. On reading the will, his vengeance was too well felt. He left his property, about \$100,000 to his wife on condition that she passes every day from 8 a. m. till 9 p. m. in his tomb. Should she miss one hour, the whole fortune reverts to the natural heir.

A cotton thread manufacturer, who, by accident, got a cut across the nose, having no court plaster at hand, stuck on his proboscis one of his gum tickets, on which was the usual information, "Warranted 550 yards long."

An exchange paper says the word "philopona" signifies, in common use, "friendship's forfeit." It is a Greek and Latin compound, and literally interpreted, signifies, "I love the penalty."

Most of the shadows that cross our path through life are caused by our standing in our own light. The errors of young men are the ruins of business.

A Paying Investment.

THE best investment is that which gives the largest return for the money laid out.
