

Around Home.

Hackberry pie is ripe. The Ojibwa has ceased running. Gypsies have been quite numerous in town this week. Morley's Circus will perform in Nyack next Wednesday. The advance guard of the summer mosquitoes has appeared. An elopement of a couple (colored) occurred at Tappan recently. Bess and Rockland Lake pond fishes in Nyack at a recent sale. Rockland College, Nyack, is open for half study during the summer. Jackson Engine, No. 3, was taken out for a washing on Monday night. Somebody found a one thousand dollar bond in our village the other day. Money Point Lodge, No. 313, F. & A. M., will have a picnic about the 1st. A man was shot at Fort Island and killed on the Fourth. The shooting was accidental. Mr. J. Martin, of Clarkstown, had the top of a new buggy out to pieces by a stone last week. The Justice Department of our Public School had some interesting musical exercises on closing day. The painting of the Reformed Church is nearly completed. George White has done his work finely. Great excitement at Robert Ziegler's skating store, on Broadway. Go there and find out the cause. The flowers in front of Rev. Stephen Merritt's residence present a handsome and showy appearance. The Mutual Protection Society of the Ramapo Valley held its first quarterly meeting last Monday, 21st inst. The drooping leaves on the trees which have been stung by locusts give the woods a semi-sad appearance. Committees have been appointed by our Sunday schools to come to some convention in regard to holding a picnic. Rev. Henry V. Voorhes, of the Reformed Church of this village, will preach two Sundays before he takes his vacation. The annual picnic of the Havenstraw Fire Department occurred Friday, and an account thereof will appear in our next issue. The stonemason Mary Howell passes our village at five minutes to five o'clock regularly every afternoon—so regularly as clock-work. John Handforth will hereafter during the summer season get his Sunday Herald by the fast train on the Hudson River Railroad. George Dekey, of Nyack, has been respected District Deputy Grand Master of this (10th) Masonic District for the ensuing year. A steam yacht was chartered by a number of Nyack ladies on Wednesday to take them to West Point. They had a very pleasant excursion. Van Wagner has just completed some handsome photographs and stereoscopic views of Mr. Wilson's lovely residence and grounds, on Broadway. Our Public School teachers who live at a distance have gone home to spend their vacation. Two of them, Misses Norton and Howard, will not return. The steamer Boardman, which runs daily between Havenstraw and Newburgh, made an extra excursion from Newburgh to Fort Island on the Fourth. Burglars entered the office of Messrs. A. M. & W. H. Wilson, at Grand Point, one morning last week, and after looting the safe, open got only seven dollars. Mrs. Koska, being near one of the Havenstraw brickyards, was accidentally shot with a revolver last Sunday evening. The wound will probably prove fatal. The boys did quite a lively business in dogs on Monday and Tuesday. Fifty cents apiece, you know, for taking them to the Pound, and the Fourth of July was coming. Drunkenness prevailed to a disagreeable extent in our village last Sunday. But that's nothing strange when the hours of the Nyack gin-mills are open for Sunday. The German Benevolent Society of Nyack will hold a picnic in Commodore Tourville Lincoln Park, Fortmunt Avenue, on the 30th inst. A July time is anticipated. The picnic which was expected to come from Connecticut to this village on Wednesday did not arrive, and consequently a number of our young people were disappointed. The members of the Nyack A. M. E. Zion Church had a good time at their picnic on the mountain on the Fourth. Their festival in the evening kept them up pretty late. The Messrs. Christie, of this village, have sent from their establishment four handsome buggies and rockaways during the past week. The workmanship exhibited upon them was superb.

Several members of Company B went out for a target shoot on the Fourth. After adding their own target to pieces, they visited another party close by in putting some holes in their. Mr. John L. Salsbery, of Nyack, drove to Woodstock, Conn., to be present at the celebration at Rockland Park on the Fourth. Mr. R. went upon special invitation of Mr. Henry C. Bowen. Mr. L. H. Treanor, of New York, who has been sojourning in this village for some time, started on Tuesday for California for the benefit of his health. May he have a pleasant and beneficial trip. The Presbytery of Hudson has resolved, that the connection between Rev. Mr. Evans and the Harpersville Church be dissolved, to take effect August 1st, provided the claim of Mr. E. for salary be paid by that time. The West Nyack prayer meeting was omitted this week, owing to the Fourth, occurring on Wednesday. The meetings will follow regularly hereafter, and all those living at West Nyack who can should attend these. Another of the popular Sunday-school concerts of sacred songs will be given in the Reformed Church, Spring Valley, to-morrow (Sunday) evening, and that the church will be crowded on the occasion there can be no doubt. The Fourth was a quiet day in this village, there being no particular excitements exhibited except that shown by the boys in destroying their usual amount of fire-crackers. In the evening a number of fine fireworks were sent up by some of our citizens. The man in our village who purchased a large quantity of red fire last fall to illuminate for Father's election, and then, owing to a change in the programme put it away for a future occasion, availed himself of the opportunity on Wednesday night to burn the stuff in a good cause. Rockland Lake is looking its prettiest. The mirror-like lake, with its frame of green hills, sloping banks and deep forests in the background, its reflections, its light and shade, its boats filled with gaily dressed people render it one of the most attractive and popular places of summer resort on the Hudson. On Tuesday last, as a postman and lady in a buggy turned the corner of one of the streets which runs into upper Main Street, in this village, the buggy was smashed all to pieces and the couple were thrown out, the young lady going a distance of about forty feet before she stopped. The buggy was a complete wreck, but fortunately neither of the persons was injured. Frederick Girding, in the employ of Judge Mansfield, this village, met with a serious accident last week as he was about to feed a cow. The animal, being anxious to get at the pail which the man had set down, started suddenly, when the man, not being able to hold her, placed the rope around a tree. In doing this, he lost his hands caught under the rope and his fingers of his right hand were crushed off and the bone in a third one was badly broken. The index finger of the left hand was taken off, and the middle finger broken. The man's face was also slightly injured. Three of the fingers were amputated. DUNBAR'S CONDUIT.—A number of youths and young men in an excess of patriotism (and some of them too much hot whippers), on the night of the 3d, in Spring Valley perfectly intoxicated with adults, intermingled with yelling and profanity, were and solemnly. This was the vicinity of the depot, and good citizens were kept awake by them during the greater part of the night. Many were the barrels forwarded for the police, and the owners thereof not pleased. One young man, a resident of New Hempstead, very much under the influence of liquor, and who contributed to the greater portion of the background of the night, was punished well in the morning by being expelled from the Rockland Star Base Ball Club with whom he was expecting to play that day. A little episode of the night was a fight, in which one of the parties had an ear badly bitten. These were the only unpleasant features of the annual jubilee. Five Ball. FLAYING.—A splendid game of five-ball was played on the 4th, at Spring Valley, between the Rockland Stars, of the Valley, and the Garrisonville club. It proved to be a game that would have reflected credit upon a professional club. A very large concourse of visitors were on the ground, and the match was played in a truly gentlemanly manner. The catcher of the Garrisonville club had the advantage in the 6th inning, to have a finger badly lacerated. Dr. C. L. Hempsey, who was present, dressed the wound, and another player was eliminated. The playing on both sides was almost perfect, as shown by the following score of the nine innings: Rockland Stars.....4 Garrisonville.....4

Wonderful in Its Results. There is no Medicine that has accomplished so much as "MERRITT'S CONSUMPTION CURE." It has established the fact that Consumption can be cured, while for Asthma, Bronchitis, Croup, Hoarseness, Whooping Cough, and all Lung diseases it has no equal. No medicine was ever sold on such favorable terms. If it was available, it would be the greatest folly to guarantee it. It costs nothing to try it, as it can be returned if it does not give satisfaction after using two-thirds of a bottle. Call at any store and get a sample bottle for 30 cents, or a regular size for 50 cents or \$1.00. S. H. BROADWAY, Broadway, north of Main Street, Nyack. Elsewhere by all dealers.
