DR. MAYER OFFERS THOSE who are suffering from weakness and defective sight his services in correcting all errors of refraction with the celebrated Alcock-White Crystals, Austrian and Russian Prisms Lenses, constructed and fitted by, in every case with the diastropic system. Science and philosophy of nature admirably adapted to the organ of sight and perfectly natural to the eye, affording altogether the best artificial help to a human vision when scientifically adjusted by him.

DR. MAYER CORRECTS the most difficult cases of Hypermetropia (far-sight), Myopia (near-sight), Presbyopia (old sight), simple, compound and mixed Astigmatism (irregular curvature of cornea), Muscular Asthenopia (weak sight), insufficient accommodative power, Amblyopia, etc., guarantees correct adjustment in curvature and power of lenses, shape of nose-piece, length or bow, size of orbit etc.

IT REQUIRES PROFESSIONAL guidance, even when a good article is offered. Lenses adapted by Dr. Mayer will give actualizing & extreme of vision by means of other artificial light; they can be worn easily for any length of time, giving comfort to the spectacle wearer heretofore unknown.

DR. MAYER is highly recommended by numerous certificates from prominent business men, lawyers, physicians and soldiers.

SPRINGFIELD, Mo., Dec. 30, 1887.
 We, the undersigned physicians have examined the Dr. Mayer's spectacles.
