The New Departmental Block.

Mr. A. Charlebois, contractor for the new Departmental Block, is in the city. Mr. Charlebois still expects to have the building ready to hand over to the Government by the end of May. All the outside work on the building has been completed, and the concrete and wooden flooring on the inside finished. The massive iron staircases have been placed in position, and all that remains to be done is the plastering and carpentry work. The sashes for the windows are now being made in Montreal. They will be entirely of iron. The quantity of wood used in the construction of this magnificent building is very small, making a fire almost impossible.

Unlicensed Liquor-Selling.

Licensed saloon keepers are complaining greatly of the number of unlicensed dens now existent in the city. Said one hotel man, yesterday, to a reporter, "I have only to go to the door and count four of them. Why, it has come to this, now, that liquor can be had in every little shop where candy or cigars or other small articles are sold. If the temperance people, instead of trying to run us down, would devote their energies to the unlicensed trade, it would be all the better for the city."

Jones—"I see that a Philadelphia lady has been arrested for beating a railroad." Smith—"Perhaps she had no husband to beat, poor woman."

SALVATION ARMY.

The New Officers—Sketch of Their Lives.

There were more people present at the holiness meeting last night than usual. This evening there will be a public meeting. To-morrow the meetings will be as follows: Knee drill at 7 a. m.; holiness meeting at 11 a. m.; great welcome meeting to new officers at 3 p. m.; public meeting at 7:30.

Capt. Ludgate has had charge of a good many stations since he first came to this country. He was first at London, Ont., the pioneer station of the Salvation Army in Canada. That was in May, 1882. Since then he has had charge of the following places: Brockville, N. Y., Paterson, N. J., New York city, Toronto, where he built the first barracks in Canada, Hamilton, Syracuse, N.Y., Toronto, Galt, Yorkville, Toronto North. He was then made staff-captain and divisional officer of the Palmerston divisions. After nine months work in these situations he resigned on account of ill-health, and was appointed captain at Brantford. He has since been at the following places: Kingston, Belleville, Peterboro, St. Catharine's, Strathroy, Petrolia, Seaforth and Toronto, and from Toronto he was sent to Ottawa.

Mrs. Ludgate is a native of Paterson, N. J. She was converted during the captain's stay there. She (Captain Bella Ludgate) was stationed at the following places: Gouverneur, Brooklyn, N. Y.; Kingston and Belleville, Ont. It was while at the latter place she was appointed captain, and at the end of her term of service went to Capt. Joseph Ludgate.

Cadet Best is from Brockville. This is his second station, having been stationed at Prescott previous to coming to Ottawa.

Inshavogue at the Grand.

Mr. Benj. Magnley, the well known actor supported by a good company appeared at the Grand Opera House last evening in Mr. W. J. Florence's Irish musical drama "Inshavogue." The house was well filled. The drama is a strong one overflowing with human interest, and abounding with pathos, dancing, and novel scenic effects. In the last act there is displayed an Irish glen by moonlight with a pretty cascade, the whole being a marvel of stage art. Mr. Magnley, though suffering from a cold, acquitted himself very creditably in the title role. Mr. Bryan O'Lynn assumed the respective characters of Thady Blake and Skipper O'Reardon with a little inability. Miss Bella O'Lynn as Kitty O'Connell, was the life and soul of the play. She sang charmingly. Several other members of the company secured hits. The same play will be repeated at the Grand to-night.

The Henry George Meeting.

Those interested in social reform should take a note of the time and place of the Henry George meeting. Mr. Lucas is to be addressed by Mr. A.F. Jury, of Toronto, a prominent member of the Anti-Poverty Society of Toronto, and member of the Knights of Labor Legislative Committee. The meeting will be held in the Literary and Scientific Association Hall this evening at 8 o'clock. Henry George's idea is that direct taxation, such as the value of bare land, being created by the public, should be taken for public use.

Contract for the Firemen's Boots.

The Fire and Light Committee had a short meeting last night, Ald. Durocher in the chair. The other members present were Messrs. Ashwell, Ernatt, Lawrence and Gordon. The question of who should get the contract for making the boots for the firemen was discussed and the contract given to Mr. O'Malley, of Blake street at $4.75 per pair. Thirty-two pairs are to be supplied twice during the year.

ST. HUBERT'S TOURNAMENT.

A Galaxy of Stars to Shoot on 24th of May. $240 in Prizes.

A well known sportsman was heard to ask yesterday—"What's the matter; are we to have nothing to attract people here for the Queen's Birthday? It's just John as if our week-end and that all the fun is to go to Montreal." Well, this is not to be the case, if our energetic St. Hubert Gun Club can turn the trick. Since the early part of January, the executive committee have worked nearly up to the pinching up of an extensive Tournament and putting up such prizes in valuables and money as could not fail to attract to the capital for the 24th of May, a gathering of representative sportsmen from all parts of our Dominion. The list, in kind and cash will foot up, at date, about $400. In valuables, first on the list comes the Lord Aylmer Challenge Trophy cup, pure silver with gold lining. A grand souvenir of which the club feel proud. This will be competed for annually. No point to secure a large attendance has been neglected. The G. T., C. P. and C. A. railways have been communicated with, and fares for teams and competitors promising credentials will be placed at very low rates. The Russell and Windsor will afford accomodation for all special figures. The matches—of which there will be three—are to be conducted under the National Association rules, except as regards guns, for which there is to be no handicap. There will be two sets of traps, 19 yards from the score, 5 yards apart, so that from the start there shall be no delay and at the close the victors will receive their prizes right there on the ground. The first call will be

One team from the largest Gun Club in Canada, Toronto's, have already announced their coming, as also several competitors for the individual Match. The Toronto boys and Ouvis are yet to be heard from. Montreal, Lachine, St. John, St. Lambert and Buckingham, in the east, are sure to send teams, while many others between here and Toronto will be on hand to test their skill as marksmen.

From the above outline of the St. Huberts' programme, it will be seen that the club has got up a tourney and that with fine weather on their side they will have, as "the O'd Man" put it, "a gala gathering of the Stars."

The trophy cup is from the establishment of Mr. Chas. Addison, manufacturing jeweller, is a massive and emphatic affair, and in the design thoroughly characteristic of the event. In dimensions it is 7½ x 22. The medals that accompany the cup are the work of Mr. G. H. Doucet, Russell House block, and are purely Canadian in design.

Convention will likely be agreed upon.

THE OTTAWA JUNIORS.

A large and influential meeting of the Junior C. C. was held in the Drill Shed last night, the retiring president, Mr. E. Mason in the chair. Mr. Mason announced a balance to credit on the right side of $68.17. The election of officers was as follows, the honorary officers being almost to a man the same as previous years:

What am I to Do?

The symptoms of biliousness are unhappily but too well know. They differ in different persons. Some are troubled with Biliousness seldom a breakfast eater. Too frequently, the whole day is unpleasant. No appetite for lunch, but none for solids of a morning. His tongue is furred, his appetite is capricious at best, it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Disturbance or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or sores on the blood. These may be palpitations and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not often a cure try *Green's August Flower*, it costs but a trifle and thousands attest its efficacy.

TO-DAY'S POLICE.

Warrants Issued for Absent Witnesses—Remarks on Police Swearing.

The proceedings in the Police Court this morning were of a very duck-egg variety. There was nothing on but a charge of keeping a disreputable house on Chapel street, preferred against Emma Palmer and Flossie Allen, the latter charged with being an inmate. The defendants and their counsel, Mr. Gibb, were on hand ready for the fray, but the witnesses were not there. On Thursday, His Worship ordered warrants to be issued for the arrest of the non-attending witnesses. This morning, when the witnesses did not appear, the magistrate ordered the warrant to be put in force and further adjourned the case until Monday.

The police got the warrants moving rapidly after the magistrate left the court, and two of the witnesses were arrested and immediately gave bail for Monday's appearance.

"Well," remarked a well known *habitue* to a FREMEAU reporter, this will be a day of rest, anyway for the bible, and dear knows, it wants it. In fact, I believe the bible should be permanently superannuated, for it's no longer of any use in this Police Court. For a set of cheek and impudence should try a brick to swear witnesses on and give the b-ble a rest. I have been a close observer of proceedings in the Police Court for years, and I believe you could get as much truth out of the ordinary witness by swearing him on a brick as by swearing him on a bible. When a man wants to accomplish himself he can soon punch a hole through the Bible with hard swearing. Fellows get in to the box and kiss the Bible and tell a story exactly to suit their own interests, irrespective of truth or decency. The swearing done at the Police Court on some occasions is of the roughest variety and, "the truth, the whole truth and nothing but the truth" has passed into a mere formula. Yes, as far as getting at the truth is concerned, it is time the bible was side-tracked and a brick or an almanac substituted.

THE MARKETS.

OTTAWA.

SATURDAY, April 7.

The cold weather and bad roads have tended to produce a very small attendance at this morning's market, the majority of loads remaining owned by butchers and market gardeners. Buyers were numerous and business brisk. Two small lots of dressed hogs were offered and quickly disposed of from $6.00 to $6.25 per cwt. Veal was very plentiful and met with a steady demand at from 7c to 9c per lb. Eggs were fairly represented and brought from 12c to 25c per dozen. Some choice print butter was offered and sold quickly at from 20c to 30c per lb. Tubs and pails of medium quality brought from 18c to 20c per lb.

Vegetables were in moderate supply, cabbage selling at from 5c to 10c per head, carrots 50c per bag, turnips 40c to 45c per bag, new potatoes 75c per bushel, and old potatoes 35c to 40c per bushel. No oats were offered to-day, and prices continue very high. Hay is also very scarce, and prices are still, ranging from $15 to $15 per ton.

Home For Friendless Women.

The regular monthly meeting of the managers and auxiliary of the Home for Friendless Women was held at the Home yesterday. The following managers were present: Mrs. Macdonald, Mrs. Macklestone, Lamouth, Ballantyne, Thompson, Stephens, Ayles, Holbrook, Chisholm, Falconer, Logan, McDiarmid, Fielding and Wood; Misses Ross, Falconer, Macdonald and Scott; C. Ross, 1st vice-president, K. Falconer, 2nd vice president, Mrs. Scott, McMurray, Gibson and F. Irving, secretary. After the singing of a hymn, followed by reading and prayer the minutes of last meeting were read. The treasurer's report for March showed a balance on hand of $12.62.

The superintendent's report for March was as follows: "The work has moved steadily on though we have had fewer evidences of the power of the Holy Spirit in leading souls to realize the preciousness of redeeming love. The following summaries show the operations of the Home during the past month: In residence March 1st, 8; admitted, 9; total number of inmates, 17; situations obtained for, 5; removed to hospital, 1; removed to jail, 1; in residence April 1st, 8. Nationalities; English, 6; French, 3; Scotch, 3; Irish, 2. Religious denominations: Protestant 12, Roman Catholic 5. Places admitted from; jail 7, street 3, Home 6."

Further efforts have been made to bring to the work of the Home not only its fair share but way be led to seek it in a temporary refuge, but also before many who might be induced to aid in furthering its schemes. Notices have been printed in large type on cards, which have been placed in the jail, the police station, the Hospital, the Salvation Army Barracks, the emigration sheds, and the railway stations. Nearly four thousand copies of a letter addressed to the Christian women of Ottawa, containing a condensed report of the work of the Home and its opening, as well as the purpose of the Board with regard to its financial support, have been placed in the pews of all our city churches."

It was resolved that the appointing of physicians be left to a future meeting of the executive. Mrs. Falding closed the meeting with prayer.

"Pendragon's Opinion."

"Pendragon," in the London *Referee*, has a great deal to say of the Sullivan-Mitchell fiasco, the point of which is as follows:—

Sullivan and Mitchell are an undoubtedly great pair, and the people who pounded them in this winter's "championship" display, but neither Mitchell nor Sullivan possesses the class without which in the old days no man could be a champion, no matter how strong, how nimble, or how clever with the gloves. Sullivan has no history of being a hurricane fighter, as he has described himself and been described by others, when the fire of life will give himself up to be stormed and driven; but he wants to do it all in five minutes, and can't fight a really trying battle. I am both to say anything that may seem unkind to Mitchell or Sullivan, but I had a strong wish that we became so puffed up with pride and conceit; but it will be agreed by those whose opinions are best worth having, that he missed the opportunity that was given to a real champion directly Sullivan began to tire and left off the offensive. How Tom Sayers would then have carried the war into the enemy's own country!

There is not much peace on earth for poor sinful men, saylow. Blustering March is enough over when the house-cleaning season commences.

OTTAWA COUNTY BUILDINGS.

Hull Unable to Raise the Money to Carry Out the Act Authorizing Removal.

Last fall the citizens of Hull made a big fuss about obtaining permission from the Quebec Legislature, to remove the County Buildings from Aylmer to Hull. The Local Legislature at length after much pressing granted permission and the Hull people expressed their intention to commence the construction of the buildings at once. By the act passed in the Local Legislature in 1886, the corporation of the city of Hull is liable for the entire cost of the erection of the buildings should the Government consent to their removal. Now the estimated cost of the new buildings in Hull is about $40,000, and the Government has given permission for the removal of the buildings but the Hull city council cannot raise the money necessary even to begin the work. They are heavily in debt on account of the introduction of the new water works system and it will be impossible for them to raise the necessary money. The Aylmer people are laughing in their sleeves and say that although the Government consented to the removal of the buildings, it will be a good many years before they will be actually removed unless the Government pay the cost, and this, it is said would establish a precedent which would in the end result in the Government being asked to construct all public buildings. Taking all the circumstances into consideration it looks as if Hull is not going to have the county buildings after all just yet.
